Accreditation Agency

In Australia, accredited vocational and English education and training is regulated by the Australian Skills Quality Authority (ASQA). ASQA regulates courses and training providers to ensure nationally approved quality standards are met.

The contact details are given below:

Vocational Education & Training Students:

Governing Body: Australian Skills Quality Authority (ASQA)
Address: Level 10 255 Elizabeth Street, Sydney, NSW 2010
Postal Address: GPO Box 9928, Melbourne, VIC, 3001
Phone Number: 1300 701 801
Website: www.asqa.gov.au

ASQA's functions include:

- registering training providers as 'registered training organisations' (RTOs)
- recommending RTOs as CRICOS providers—providers that can enrol international students
- accrediting vocational education and training (VET) courses
- ensuring RTOs comply with the conditions and standards for registration, by carrying out compliance audits.

ASQA may also collect, analyse and publish information on the VET sector and VET providers.

Accommodation and Living Expenses

As a guide, the recommended 12-month living cost for a single student is AUD\$24,505. There are financial requirements you must meet to receive a student visa for Australia and you may need to provide evidence of your ability to cover living costs. See the Department of Home Affairs website for more information.

Note: This figure does not include tuition fees, textbooks, enrolment fee.

Work out your expenses

The first step when creating a budget is to work out your expenses. Some things to consider:

Accommodation

Transport

Food

Education expenses, like textbooks or IT equipment and workplace learning costs may include travel, accommodation, living costs, uniforms and parking

Utilities, like electricity bills

Entertainment (because you still want to have fun!)

Return flights home

Accommodation Options

Homestay services provide an opportunity to stay with an Australian family and experience the Australian culture and lifestyle. If you need Homestay, we ask our students to tick 'yes' on the application form. We will send you the contacts of suppliers of this service for you to make your personal choice and suburb of where you want to stay. Most Homestay is a minimum stay of 4 weeks. For Homestay fees, please see the information sent to you once you request this information from us, or visit our website as these prices are also listed under accommodation tab.

Hostel accommodation is a popular option for international students, especially in the first months of their arrival. A small, furnished room is provided with access to a shared bathroom, laundry, lounge and recreational activities. Some hostels also provide computer access. It is recommended that students considering Hostel accommodation options look at two or three properties prior to making a decision. Many hostels are privately run and as such come under the Rooming House Act. Please note, if the student signs a lease, they are covered by the Residential Tenancies Act.

Apartment/flat rental varies greatly in cost and conditions. For long term arrangements, it is strongly advised that the student is familiar with the suburb or area. For purposes of bond payment and moving arrangements the student must be available to sign agreements. For this reason international students are advised to secure short term accommodation upon arrival so that flat and apartment hunting may be started after they have settled in and begun to seek out areas they would like to live in.

Banking

It is recommended that you open a bank account soon after arriving. Banks in Australia provide savings and cheque accounts plus a range of other financial services including personal loans, bank drafts and transfer of funds. Exchange of currencies and the purchase of foreign currencies can also be conducted at banks. Travellers cheques can be cashed at banks but you will need to show your passport for identification.

Commonwealth Bank (CBA)

546 George Street Sydney
www.commbank.com.au

Westpac Bank

686 George Street Sydney
www.westpac.com.au

Opening a Bank Account

If you have been in Australia for less than six weeks, your passport will be enough identification to open a bank account. If you have been in Australia for more than six weeks, you will need some further identification such as your student identity card. Before choosing a bank and a particular account, you should compare interest rates, bank fees, etc. Some banks do provide student accounts where only government fees are charged.

Most students open an account that has access to an automated teller machine (ATM) via a card. Cash is then accessible 24 hours a day, seven days a week. Most supermarkets and shopping places have facilities to purchase goods with your ATM card, known as EFTPOS facilities.

Banking hours

Banking hours vary, but these are the general banking hours of most banks.

Monday to Thursday: 9.00am - 4.00pm | Friday: 9.00am - 5.00pm

Saturday and Sunday: Closed (some banks may open Saturday mornings)

Places of Worship

There is complete freedom of religion in Australia. Most of the world religions are represented in Sydney and have their own places of worship. These can be found in the Sydney White Pages, listed alphabetically under the denomination.

The majority of Australians are Christian, the three largest denominations being Anglican, Roman Catholic and Uniting Church. Smaller Christian denominations include Lutheran, Jehovah's Witness, Seventh Day Adventist and Baptist. Other major religions with a great many adherents in Australia include Judaism, Islam, Buddhism, Hinduism, and Taoism.

If you need assistance in finding your place of worship, please speak to the Student Services Officer and they will be able to help you.

Counselling

Counselling provided by our Welfare Counsellor is available to those studying at the College, on matters ranging from private concerns to living issues.

Students can see the counsellor for a variety of reasons. Everyone finds themselves in difficult circumstances at some time in their lives. Sometimes students want to speak to someone who is professional, confidential and separate from family and friends.

Reasons to speak with the Counsellor

If you are having personal difficulties, or just want to talk about:

- Your special needs
- Your disability
- Relationships
- Family issues
- Ongoing problems with anxiety, stress, shyness, depression, low self esteem
- If you need moral support in attempting something challenging

The College will provide access to welfare related support services to assist students at no additional cost to the student. This includes The College counselling services. In some cases, The College counsellor may refer the student to an external provider. This referral will be at no additional cost, however the external provider might have their own service fees and students may have to pay the external provider.

See the Student Services Officers to learn more about the Counselling Services we are offering and to make an appointment.

Special Needs

Students intending to enrol for training with the us are requested to advise us if they have any physical or other impairment (e.g. English language, literacy or numeracy difficulties, dyslexia, etc) which may adversely affect their ability to successfully undertake training and assessment, prior to enrolment.

Students with disabilities or impairments are encouraged to discuss with the Academic Manager any 'special needs' and/or 'reasonable adjustments' to the study environment which they consider are necessary or would assist them in the performance of their studies.

The Academic Manager, in collaboration with the student, will assess the potential for the student to successfully complete the training which may include flexible delivery options to optimise the ease and benefit of the student's learning.

Academic Information

Competency Based Training

Competency based training is a structured approach to training and assessment that is directed toward achieving specific outcomes. It is about assisting individuals to acquire skills and knowledge so they are able to perform a task to a specified standard under certain conditions. In competency based training, the outcomes to be achieved are clearly stated so that students know exactly what they have to be able to do, trainers know what training or learning is to be provided and organisations know the skill levels required of their people. The emphasis in competency based training is on "performing" rather than just "knowing".

A competency is defined in terms of what a person is required to do (performance), under what conditions it is to be done (conditions) and how well it is to be done (standards).

In the Australian context a broad definition of competency has been adopted that includes four aspects of work performance.

Task Skills

Being able to perform individual tasks

Task Management Skills

Being able to manage a number of different tasks within the job

Contingency Management Skills

Being able to respond to irregularities and breakdowns in routine

Environment Skills

Being able to deal with the responsibilities and expectations of the work environment

A competency is much more than just a description of a work task or activity. It encompasses measures of the competency and addresses the knowledge, skills and attitudes required for a person to perform a job to a required standard.

Introducing Competency Based Assessment

This section provides an introduction to assessment, specifically assessment of competence.

What is competence?

In vocational education and training, people are considered to be competent when they are able to consistently apply their knowledge and skills to the standard of performance required in the workplace.

How do we know someone is competent?

We know whether someone is competent after completing an assessment that verifies that all aspects of the unit of competency are held and can be applied in an industry context. Just as a learner-driver must demonstrate they can drive a car by actually taking the examiner for a drive, so too must learners demonstrate competence by undergoing an assessment process. Assessment may involve a variety of assessment methods.

What standards are candidates assessed against?

In order to assess whether a candidate is competent, they are judged against competency standards (often called benchmarks) developed by the industry. A competency standard is comprised of individual units of competency that include the essential information needed to assess a candidate.

To gain a formal qualification (e.g. a Certificate III or a Diploma), individuals have to be competent in a specified group of units of competency. Information on the qualifications and relevant units of competency are outlined in accredited courses or Training Packages. Training Packages consist of competency standards, information on qualifications and assessment guidelines to assist trainers and assessors.

What is competency based assessment?

Competency based assessment is the process of collecting evidence and making judgments on whether competence has been achieved. This confirms that an individual can perform to the standard expected in the workplace as expressed in the nationally endorsed competency standards where they exist or on competency standards developed by relevant industry, enterprise, community or professional groups (or outcomes of accredited courses if there are no relevant nationally endorsed competency standards).

What sort of evidence is collected?

Evidence collected may be direct such as observation of workplace performance, indirect such as formal testing, or supplementary such as references from employers.

Evidence is used by an assessor to make a judgment about whether the candidate is competent.

It is the responsibility of the assessor to determine what and how much evidence is required to make the assessment judgment. Training Packages provide guidance on the types of evidence required, and further advice may be gained through moderation and industry consultation.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is a process designed to recognise previous formal or informal learning, work and life experiences that the student may have had to the extent that they are relevant to the course outcomes. The RPL process allows students to receive recognition under these circumstances and therefore enable them to focus more on areas they need to achieve competencies in order to gain their qualifications. Students who believe they already have some of the competencies in the course may apply for Recognition of Prior Learning (RPL). An essential requirement of RPL is that you can prove that you **currently** have the required competencies in the unit applied for.

To request RPL you will need to:

- Read the course outline and talk to the Academic Manager if there is anything you need explained.
- Collect and complete the Request for Recognition of Prior Learning form from the office.
- Check your skills and knowledge for each unit of competency. Collect your evidence to show your competence. Your evidence must be valid (as described in the unit of competency), sufficient (enough), current (up-to-date) and authentic (your own work).

- List the types of evidence you have for each unit of competency.
- Present your evidence and the list of evidence to the Academic Manager for assessment. The Application fee is \$250 must be paid prior to evaluation to occur. The RPL application fee is paid whether you get an approval or decline, there is no refund if your RPL application is declined

You will be provided with a written report on the outcomes of assessment of your application for RPL which you will be required to counter sign. This report will be filed in your personal file.

Where RPL is granted the College will notify Immigration via PRISMS and provide, where possible, meaningful learning activities for the student for the resulting change of the course duration ensuring a full-time 20 hr per week load.

National Recognition

The College recognises relevant AQF qualifications and / or Statements of Attainment issued by any other RTO. We reserve the right to verify the authenticity of such documents as required and to determine the currency of the units of competency indicated on the test amur.

Course Credit Transfer

Australian Qualifications and Statements of Attainment that have been issued by any other Registered Training Organisation (RTO) will be recognised by the College and students will not be required to complete these units again. To apply for Credit Transfer students must be able to present their original Qualification or Statement of Attainment or certified copies, with national codes and titles that match the current course in which a student is enrolled. It is also best if the student can provide an email from the other college to confirm it is genuine. To apply for credit transfer, students must complete the Credit Transfer application form and attach copies of verified documents to support the application. The student will have to make an appointment with the Academic Manager for credit transfer. There is no reduction in tuition fees if Credit Transfer is applied for or granted. If done prior to enrolment , student provides evidence at enrolment. Admission officer gets approval from Academic Manager for credit transfer and continues to process the enrolment based on the outcome.

Course Progress

1.1 The college monitors, records and assesses the course progress & attendance of each student for the course in which the student is currently enrolled.

1.2 The college assesses each student's progress at the end of each compulsory study period (a 9-week term).

1.3 Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the course requirements in that study period.

The college defines course requirements for each study period and identifies when a student has not passed or demonstrated competency in 50% or more of the course requirements.

The course requirements for each study period are made clear to the student at the start of the course during orientation.

1.4 The college has an intervention strategy for any student who is not making satisfactory course progress. It is available to staff and students and specifies:

- i. procedures for contacting and counselling students;
- ii. strategies to assist identified students to achieve satisfactory course progress; and
- iii. the process by which the intervention strategy is activated.

1.5 The intervention strategy includes provisions for:

- i. where appropriate, advising students on the suitability of the course in which they are enrolled;
- ii. assisting students by advising of opportunities for the students to be reassessed for tasks in units or subjects they had previously failed, or demonstrate the necessary competency in areas in which they had not been previously able to demonstrate competency; and
- iii. advising students that unsatisfactory course progress in two consecutive study periods for a course could lead to the student being reported to Immigration.

1.6 At the end of each compulsory study period, students must be assessed against the course progress policy. If a student is identified for the first time as not making satisfactory course progress, the intervention strategy as outlined in 1.4 is implemented. The intervention strategy is activated within the first four weeks of the following study period.

However, if the college identifies that a student is at risk of making unsatisfactory course progress before the end of the study period, the college might implement its intervention strategy as early as practicable. In this case, after the first of the two 4/5-week blocks in a term.

1.7 If a student is identified as not making satisfactory course progress in a **second consecutive compulsory** study period in a course, the college notifies the student of its intention to report the student to immigration for unsatisfactory progress. The college does this through the written notice described in 1.8.

1.8 The written notice (of intention to report the student for unsatisfactory course progress) informs the student that he or she is able to access the registered college's complaints and appeals process and that the student has 20 working days in which to do so. A student may appeal on the following grounds:

- i. college's failure to record or calculate a student's marks accurately,
- ii. compassionate or compelling circumstances, or
- iii. college has not implemented its intervention strategy and other policies according to its documented policies and procedures that have been made available to the student.

1.9 Where the student's appeal is successful, the outcomes may vary according to the findings of the appeals process.

- i. If the appeal shows that there was an error in calculation, and the student actually made satisfactory course progress (successfully completed more than 50% of the course requirements for that study period), the college does not report the student, and there is no requirement for intervention.
- ii. If the appeals process shows that the student has not made satisfactory progress, but there are compassionate or compelling reasons for the lack of progress, ongoing support must be provided to the student through the college's intervention strategy, and the college does not report the student.

1.10 Where:

- i. the student has chosen not to access the complaints and appeals processes within the 20 working day period,
- ii. the student withdraws from the process, or the process is completed and results in a decision supporting the registered college (ie. the student's appeal was unsuccessful) the registered college notifies the Secretary of the Department of Education through PRISMS as soon as practicable of the student not achieving satisfactory course progress.

Reporting students for unsatisfactory progress

- Reporting a student for unsatisfactory course progress occurs only when the student has been identified as not making satisfactory course progress in two consecutive compulsory study periods, and the student has not made a successful appeal against this assessment.
- Course progress in a non-compulsory study period is to be disregarded when considering whether there has been unsatisfactory progress in two consecutive compulsory study periods.
- If a student is identified for a second, but not consecutive, study period as not making satisfactory course progress, the college **does not** report the student for unsatisfactory course progress.
- the student is reported through PRISMS within 5 days of finalising the decision to report

Compassionate or compelling circumstances

- Compassionate or compelling circumstances are generally those beyond the control of the student and they have an impact on the student's capacity and/or ability to progress through a course. These could include:
 - serious illness or injury, where a medical certificate states that the student was unable to attend classes
 - bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided)

- major political upheaval or natural disaster in the home country requiring their emergency travel and this has adversely affected their studies
- a traumatic experience which could include but is not limited to:
 - involvement in or witnessing of an accident or
 - a crime committed against the student or
- the student has been a witness to a crime and this has affected the student (these cases should be supported by police or psychologists' reports).

When determining whether compassionate or compelling circumstances exist, the college considers documentary evidence provided to support the claim. The college keeps copies of these documents, together with a record of why the decision was made, in the student's file.

Submitting Assessments as per timetable due date

If a student falls sick and can not submit the unit on due date, the student must provide supporting evidence eg a doctor letter to support the illness to avoid any marking penalties, otherwise there is no extension given without confirmation. As an alternative a statutory declaration may be accepted.

Conduct of Assessment

Assessment is conducted in accordance with the National Assessment Principles. Assessment is competency based against the standards outlined in the units of competency in the Business Services Training Package qualifications. It includes:

- assessment to determine your training needs
- assessment during the training to judge how you are progressing
- assessment of performance at end of the units of training
- recognition of prior learning or recognition of current competency

Assessment involves the collection of sufficient evidence to demonstrate you are competent. This may include:

- Measurement of products you have made or services you deliver
- Observation of processes you carry out
- Measurement of your knowledge and understanding
- Observation of the attitudes you demonstrate.

Assessment methods may involve you in:

- Demonstrating your skills
- Answering written and/or oral questions
- Participating in group discussions
- Developing a portfolio of work
- Making oral presentations to the group
- Participating in a role play

- Completing a project
- Completing a written test

The outcomes of assessment are *Competent (C)* or *Not Yet Competent (NYC)* or *Did Not Submit (DNS)*. If you are assessed as *Not Yet Competent* you can request a re-assessment. You will be given feedback on the outcome of each assessment by your trainer/assessor. During the course your individual assessment results are maintained by your trainer/assessor.

Assessment Appeals

If you are dissatisfied with a *Not Yet Competent* decision you can appeal the decision. This involves speaking to the assessor within 10 days of receiving the assessment result and feedback and requesting a review of the evidence.

The Academic Manager may organise a re-assessment and depending on the circumstances this may be with an independent assessor.

If it is necessary for you to repeat a unit of competency because you have been deemed Not Yet Competent you may do so only once during the period of study for the course.

Plagiarism and cheating

Plagiarism is a form of cheating. It is taking and using someone else's thoughts, writings or inventions and representing them as your own. Plagiarism is a serious act and may result in a students' exclusion from a unit or a course. When students have any doubts about including the work of other authors in their assessments, they must consult with their trainer to discuss the matter. The following list outlines some of the activities for which a student can be suspected of plagiarism or cheating:

Presenting any work by another individual as one's own, Handing in assessments copied from another student, Presenting the work of another individual or group as their own work, Allowing another student to copy your work, Handing in assessments without the adequate acknowledgement of sources used, including assessments taken totally or in part from the internet.

Legitimate cooperation between students on assignments is encouraged, since it can be a real aid to understanding. It is legitimate for students to discuss assignment questions at a general level, provided everybody involved makes some contribution. However, students must produce their own individual written solutions. Copying someone else's work is plagiarism, and is unacceptable.

Copyright

Students must be careful when photocopying the work of others. The owner of the material may take legal action against students of the college if the owner's copyright has been infringed. Students are allowed to do a certain amount of photocopying for research or study purposes. Generally, 10% or one chapter of a book is acceptable, where the participant is studying with, or employed by, an educational institution

Attendance Requirements

International students must attend on a full time basis. This means you must be in attendance at the College each day of the scheduled course.. For Certificate 2, Certificate 3, Certificate 4, Diploma & Advanced Diploma courses the requirement is 15 hours face to face per week & 5 hours online work.

Your attendance will be recorded at each session. Students need to sign the class roll for each session attended to verify that attendance has been recorded correctly by the trainer. If you cannot attend a class you are required to notify the College in advance on (02) 8263 1265. Students who are absent from class due to illness must provide a doctor's certificate. No consideration can be given to extended absences for any other reason and your CoE will be cancelled.

Students must continue to actively participate in the learning and assessment activities to achieve competency in the qualification in which they are enrolled.

All students must provide correct contact details (including address, mobile number and email) to the college. All students must update their contact details with the college within seven days of change. Under *The Education Services for Overseas Students Act 2000* (ESOS Act), the college will contact the students regularly for verifying the contact details.

Online Attendance (not Applicable)

Students are required to study 5 hours (weekly) for online units which forms a part of the weekly duration of the course (20 hours). **Attendance will not be monitored or recorded for online units.** However, the students **must** show satisfactory course progress that is Competent in at least 50% of all unit(s) for a study period (one term) including online units.

Attendance Monitoring & Warning System

The College records attendance for students but does not monitor attendance for reporting purposes. However, it is students' responsibility to ensure that attendance rate is satisfactory (at least above 80%). All students are able to check their attendance on notice boards at the College via their student number or log into the college website www.lloydscollege.nsw.edu.au and click on student log in. If no password see reception to assist with the password reset.

It is very important to keep your contact details up-to-date, especially your email and your postal address and if they change let us know within 7 days

Duty of Care follow up

If student is absent for 4 consecutive weeks (which equals to 10-12 consecutive days, due to the timetable scheduling) or more the Student Services Officer will attempt to contact the student. This will be done either by email or phone. The intent of contacting the student is to:

- Find out why the student was absent
- Find out what support the College may be able to offer to the student.

Assessments

Prior to each unit of competency commencing (1st class after class intake day) the student is to be given a copy of the assessment tool. This copy should clearly show the date and method/s of assessment. Spend as much time as necessary carefully going over every detail of the tool and ensuring you clearly understand the assessment requirements.

A student is assessed competent when **all** outcomes or competency elements are successfully completed within unit of competency. To demonstrate competency, students must satisfactorily complete each assessment instrument consisting of:

- Portfolio of Evidence
- Questionnaire
- Practical Demonstration

The stated assessment outcomes in competency-based courses are:

- **NYC** (Not Yes Competent)
- **C** (Competent)
- **DNS** (Did Not Submit)

Extension of Assessments:

The college policy for assessments is that a student must have a Medical Certificate and see the AM to justify an extension on any assessment submission – this includes a request to complete a practical demonstration at a time different to the rest of the class or a request for a time extension on submitting the portfolio or questionnaire answers. If a student has attempted an assessment and is not yet competent then it is at the discretion of, and subject to, the particular training staff member’s availability whether the student can retry the assessment. All students who have not submitted assessment evidence by the due date will automatically be marked as NYC= DNS (did not submit) evidence pending an appeal.

Under certain and rare circumstances and also at the discretion of the AM/PEO special arrangements may be made for students to attempt an assessment outside of the scheduled time but this would not occur prior to the remainder of the class being accessed. This means the student will be classified as having “special needs/special requirements”.

All students should attach the assessment cover sheet to their written assessments prior to handing them in. The trainer will arrange an appropriate time with you to discuss the assessment result with you and deliver feedback.

Once assessments are completed they become property of the college. Please carry out the following steps once students have had an opportunity to review the marked assessments.

Reasonable adjustment

Students who have special needs may be allowed reasonable adjustment in accordance with the Access and Equity Policy. This means that there may be modifications to the way in which evidence of a student’s competence is gathered, however, it must not change the standards or outcomes that must be achieved. During the course your trainer marks your assessments and pass all competent assessments to student services who will maintain your individual assessment records in hard and soft copy. You may ask your student services or the Academic Manager to see your records at any time.

The College Procedures for Assessment submissions

1. All units to be delivered will be assessed by means of a standardised assessment tool
2. All tools will be validated and approved prior to use
3. Students will be given a set period in which to complete the tool
4. No late or early submissions will be accepted unless accepted prior by the AM
5. Trainer & Assessors will clearly explain the assessment tool on the first day of class

6. Students will have dates on timetable showing
 - a. Assessment tool to be submitted by a certain date

Academic Course Progress Policy

See Course Progress Policy

Notification and Appeal to Report for Unsatisfactory Course Progress

The College will notify the student in writing of the College's intention to report the student for unsatisfactory course progress.

Students have the right to appeal all the consequences imposed for failing to meet the satisfactory course progress requirement, which should be in accordance with the College's Complaints and Appeals Policy and Procedures. Complaints and appeals must be lodged in writing and addressed to the Academic Manager within twenty working days of the date of the student being notified of the College's intention to report. The appeals process will commence within 10 working days from the date of receipt of the student's appeal.

Early Intervention

1. In the event of a Trainer and Assessor becoming aware that a new student has a low level of English in his class, the Trainer must inform the Academic Manager by email that this student requires an intervention.
2. The Academic Manager will have an intervention meeting with the student to determine if the issue is with the level of English or a different matter
3. The student will sit for an English test provided by the English department
4. Academic Manager will refer the student to Admissions if the English level is below the requirement to transfer to the English college to study more English and issue a new CoE

Your Trainer/Assessor will ;

1. Hand out assessment tool in class on the first day of the new intake. Refer to your course timetable for the correct assessment tool
2. Ensure students sign the attendance roll that they have received the correct assessment tool
3. Spend as much time as necessary going through every page of the tool and answering student questions
4. Ensure students understand the assessment and how to present it
5. Write the date when the tool must be submitted on the board and ensure all students have this recorded on their timetable
6. Emphasise that any assessment tool which is incomplete will be marked as NYC
7. Advise students to attend all classes
8. Give students one week's notice of the practical demonstration – post the practical demonstration schedule on the classroom board one week in advance
9. Make sure you fully understand the Complaints & Appeals Procedure
Write your session plan agenda on the white board each day

Pathways

Graduates of the College may seek credits to the relevant degree programs in Australian universities. The College has from time to time arrangements with some Australian universities. See Reception for latest arrangements. There is no guaranteed entry into university programs. As a general rule, students with high marks will have the best chance of being accepted by a university

Students Who Cancel at the End of Term with Unsatisfactory course progress

If any VET students want to cancel their current course and do so at the end of a term, they must have satisfactory course progress status for that current term. If the course progress is unsatisfactory the student will be sent an (ITR) Intention To Report and subsequently have their COE cancelled if their appeal is unsuccessful.

CRICOS ACT Section 19, Division 1, Part 3 – reporting on Students via Prisms

A registered provider must give particulars of a breach by a student under subsection (2) even if the student has ceased to be an accepted student of the provider.

Punctuality

Punctuality dramatically affects your understanding of the class material. All trainers/assessors are expected to provide an overview at the beginning of the lesson, so that you have some appreciation of the context of the material being presented. If you are late you will miss this crucial information.

Students who arrive late are also a distraction to all the other students in the class and this affects the communication of ideas. In addition, trainers/assessors often have to waste time going over material a second or third time, which detracts from the quality of the teaching they can offer to students who made the effort to be in class on time. Make sure you allow enough time to get to the College when planning your travel.

Medical Certificates

If you can't attend college because you are sick you must get a valid medical certificate **from a Doctor**. This document will state the reason for your illness and the dates you are unable to attend college.

You must take this certificate to your student services officer who will copy it and keep it in your student file. We will record the details on our student data base. You will still be marked 'absent' but it will be taken into consideration by Department of Immigration if your course progress is below 50% of a **second consecutive compulsory** study period in a course. You should **keep the original copy** as Department of Immigration may wish to see it.

Student Surveys

As part of our continuous improvement procedures you will be asked to complete a Student Satisfaction Survey. This is your opportunity to provide us with feedback on the course, the trainers and assessors, the course administration, the training facilities, the training activities, resources and materials and the assessment procedures. Your comments enable us to check that your expectations are being met and to improve our services.

Government surveys NCVET

You may be asked to complete a questionnaire as part of a survey conducted by the National Centre for Vocational Education and Research (NCVER) on behalf of the Australian Government.

The aim of the survey is to improve the economic and social outcomes of students who undertake vocational education and training (VET). This is achieved by providing the VET sector with information on the: , Outcomes from training (e.g. employment and further study outcomes) , Relevance of the training, Benefits of the training , Satisfaction with the training

The information is used by national and state/territory bodies, along with local training providers, to ensure vocational training is of high quality and relevant to Australian workplaces. The survey highlights both the positive and negative outcomes from training and monitors the effectiveness of the VET system. The information collected assists in administering, planning, and evaluating the VET system.

If you complete this survey, your privacy is assured. Your contact details and survey responses will remain confidential. The information you provide will not be used for any other purpose.

You may also be contacted by the Australian Standards Quality Authority (ASQA), and asked a number of questions about your experience as a student at the college. This is part of the Australian Government's strategy to ensure that, as a student in an Australian RTO, you are receiving quality training, and that the college is meeting your expectations. This is not a survey about your student visa.

Issuance of Qualifications

On successful completion of all units of competency you will be issued with a qualification within 30 days of your graduation. Please visit the reception desk for the collection of your certificate. If you do not complete the entire course of study a Statement of Attainment will be issued for successful completion of individual units of competency.

Change of Class

A student cannot transfer from one class to another without a valid reason. If a student needs to change class, he/she must complete Change of Class form available at the Student Services desk. Students can only change class subject to availability and approval. An admin charge is applicable for this change. All Class change requests are approved by the Academic Manager. Class changes can only occur on scheduled intake dates.

Students Must Remain with One Education Provider

Students must remain with the education provider with whom they originally enrolled for at least the first 6 months of their principal course. A transfer will only be allowed in exceptional circumstances. Where a student undertakes a preparatory course prior to commencing their principal course they must complete **the preparatory study and 6 months of the principal course before changing the provider.**

Transfer between providers Policy

Transfer applications to the College.

Where the student has not completed 6 months study of their principal course, students must be released from the institution where they are currently enrolled. The student may however be provided with a "conditional" Letter of Offer.

Students seeking to transfer from another provider within the first six months of their program can do so only in the following special circumstances:

The original registered provider has released the student

Any government sponsor of the student considers the change to be in the student's best interest and has provided written support for that change.

Students of another provider seeking to transfer to the college will be required to provide evidence of one or more of the above circumstances with their application to be enrolled at the college.

Where the provider has not released the student, the application process is pending until it can be re-activated once the 6 month period has passed.

Note: In the very rare circumstances where the original institution or course has ceased to be registered, or sanctions have been placed on the original institution by the Australian government which do not allow the student to continue with the course, no letter of release is required.

Transfer applications out of the College - application for release

Students who have completed less than six months of their principal course with the college may transfer to another provider only if they are released by the college. A student who wishes to request a transfer to another provider should make a request by completing an early leave from study form available from the reception desk and submitting it to the Student Services Officer.

The form must be accompanied by an offer letter from another provider.

The student may have to meet with the Academic Manager to get approval for release.

The outcome of the application for release will be available to the student within 10 working days.

The outcome of each student request of transfer to another provider is recorded in PRISMS.

Records of transfer requests are maintained for 2 years.

Circumstances in which a transfer will be granted

The Academic Manager will only allow a student to transfer to another RTO in exceptional circumstances where it is considered in the best interest of the student, academically and personally or:

The registered provider has ceased to be registered, or the course in which the student has enrolled has ceased to be registered or

There is evidence that the student was misled and reasonable expectations about the course are not being met or it is unsuitable to their needs or study objectives or

The student is unable to achieve satisfactory course progress at the level they are studying, even after engaging with the college's intervention strategy or

Circumstances in which the student can provide evidence that continuation or enrolment at the college would be to the detriment of the student's emotional or physical well-being such as compassionate and compelling circumstances or

An appeal on another matter has resulted in a decision to release the overseas student.

Acceptance:

Once the student is released:

We email confirmation to the student.

It will be at no cost to the student.

Transfer request outcome and termination of studies will be reported through PRISMS

The student will be advised of the need to contact Immigration to seek advice on whether a new student visa is required.

A copy of the release email will be filed in the student's admin file accompanied with a completed copy of the early leave from study form.

Circumstances in which transfer will not be granted

A request for a release letter to allow a student to transfer to another provider may be refused for any of the following reasons:

The student has not made satisfactory academic progress and is seeking a transfer to avoid being reported to Immigration via PRISMS or has not genuinely engaged with the college's intervention strategy

has not attended the course as required and is seeking a transfer to avoid being reported to Immigration Via PRISMS

the student owes course fees to the college

exceptional circumstances relating to the welfare of the student have not been demonstrated

the proposed transfer may be considered detrimental to the student's welfare or personal safety

Refusal:

The student will be sent an email of refusal of release which contains details of the outcome of the application, including that the student has 20 working days to appeal, using the college complaints and appeals process.

After 20 working days with no appeal, the SSO records the transfer refusal in student file. If student does appeal the decision using the colleges complaints and appeals process and it is still refused, the student has a right to access external complaints and appeals with the student ombudsman within 10 days of the refusal from the college. Student must advise the college they are going through the external appeal.

Change of Enrolment

It is important for students to inform the College of any changes in their enrolment. If you wish to defer or withdraw from your course there is a formal procedure you must follow. Please contact Student Services at the reception desk for further information. For information on how this will affect your tuition fees please refer to the Refund Policy in this Handbook.

Leave of Absence, Deferral of Studies, Course Suspension

Leave of absence, deferral of studies and course suspension by international students is permitted only in compassionate or compelling circumstances such as serious illness, death in the family or for some other reason. Students will be required to provide evidence of the compassionate or compelling circumstances. Students who require a Leave of Absence must apply for it with the Student Services Officer. A Leave of Absence application will be assessed by the Academic Manager. To make sure that the application for a Leave of Absence is not delayed, please follow the process:

- Complete the application and hand in to the Student Services Officer with the supporting evidence for your application (must be compassionate or compelling circumstances).
- Make sure your fees are paid up until your return date.

Student Services Officer will contact you within a week to let you know about the progress of your application. If necessary, the Academic Manager might request a meeting with a student or refer the student to the Welfare Counsellor.

If your Application for a Leave of Absence is approved the Immigration Department is informed via PRISMS. Please be advised that approved Leave of Absence does not guarantee that your student visa will not be cancelled upon leaving the country; therefore check with Immigration before you leave.

If the Application is declined the student is able to access the internal appeals process. The Student Services Officer can explain this procedure.

Advice and Counselling

We will ensure that international students receive adequate orientation, information and advice on accommodation, counselling, health and welfare services, and assistance in accessing additional educational support. Students will be directed to the colleges welfare counsellor available each month for appointments via reception desk. This is a free service to students.

Visa Information for International Students

Visa and Immigration Requirements

Overseas students should be aware that visa and immigration regulations are very complex and vary depending on the nationality of a student and his or her particular individual circumstances. Students are encouraged to visit the Immigration Department website www.immi.gov.au for information.

Conditions of Your Student Visa include:

Valid Student Visa throughout Your Studies

International students must have a valid student visa for the duration of their studies in Australia. Students will only be issued with a student visa for study in Australia if they seek to undertake a full-time course (20 hours per week) that is accredited and registered by the Australian Government. Students must satisfy visa requirements and comply with a number of visa conditions for attendance and academic performance, which come into effect after they have entered Australia. It is important to comply with these visa conditions. All students must provide correct contact details (including address, mobile number and email) to the college. Students are required to pay for this cover prior to arriving in Australia. Students are covered by the OSHC from the day they arrive in Australia, until the end date of their visa. On enrolment all international students must pay a fee for health insurance in accordance with the length of their course. You can arrange the Overseas Student Health Cover yourself, or the college can assist you with various health providers.

Critical Incident Information

In the event of a critical incident, the College recognises that appropriate infrastructure must be in place to ensure the provision of all necessary support services.

This document outlines the College policy, support mechanisms and procedures for managing a critical incident.

The College will notify the Department of Immigration electronically that you have commenced your course. This will be done within one week of your study commencement.

Student visa holders have conditions placed on their ability to engage in paid work. There will be restrictions on the number of hours you are allowed to work. For more info go to www.fairwork.gov.au and for employment conditions support.

The College's Responsibility regarding Visa Violation

One aspect of the obligations on registered providers is to keep records of each accepted student (Point 21 of the ESOS 2000 Act) and to notify the appropriate agency when students breach their student visa condition. The ESOS (2000) Act, Point 20 states:

'A registered provider must send an accepted student of the provider a written notice if the student has breached a student visa condition relating to attendance or satisfactory academic performance. 'Students will have 20 working days from the date of the notification to appeal.

Purpose: The document outlines the transition process from superseded or deleted Training Package qualifications and /or units of competency.

Scope: This policy and procedure apply to all nationally endorsed training package courses and units of competency on the college's scope of registration.

Responsibility: The VET Academic Manager is responsible for the implementation of this policy and procedure and to ensure that staff are aware of its application.

Definitions:

Transition - allocations required to change the delivery operations of an RTO from an existing training product to an endorsed replacement training product. It includes consideration of resourcing, registration and transfer of students.

Transition Period - must be completed within 12 months from endorsement date published on the national register.

Transitioning Students - when a training package or course is superseded. We will transition students into the new course as soon as the course has been added to the college's scope of registration.

Training Package – is a set of nationally endorsed standards and qualification used to recognise and assess the skills and knowledge people need to perform effectively in the workplace.

Superseded Date – is the date that the new training package is published on the national register.

Procedure:

- A meeting of all relevant stakeholder of the college will be held to discuss the changes made and formulate an action plan on the implementation of the new requirements before the formal release on the National Register.

- The strategy will be documented and formalised into an action plan.

- The action plan and the implementation process will be reviewed frequently until the new changes have been implemented successfully. .

- Equivalency – when equivalency of the training product is identified. The Academic Manager will ensure all related training products are updated and version controlled ready for implementation and when the scope of registration has been updated listing the new qualification or training product.

- Non-Equivalency - Gaps in training package outcomes or the other training product are identified, and a strategy formulated by the assessors to address the gap/s.

- Documentation to close the identified gaps will be developed by the Academic Manager or external sourced.

- Training & delivery will be adjusted according to the strategy & assessment undertaken to ensure students received training in the newly released component.

Students who are affected by the changes in outcomes they are currently studying will be offered gap training at no extra cost.

- Validation of new tools, training and assessment strategies, learning material and /or any other material relating to the qualification occurs and is documented.

- Exemptions – records will be kept which relate to any exemption approved by the VET regulator in order to demonstrate how the learner would have experienced genuine disadvantage if made to transition earlier.

- Students will be advised on an individual basis on when there has been new release of training product and they will be transferred to the newly release components as soon as it is on the scope of registration if the learner is unable to complete within transition period. A current student will be advised, a timeline agreed upon and formalization to ensure the course is completed before the transition period expires where the learner does not undertake the gap training.
